### PROFESSIONAL SKILLS

#### Frontend Development

React js • TypeScript • JavaScript •  
HTML • CSS • CSS Tailwind  
React native && flutter

#### Backend Development

C • C++ • Python • Prisma •  
Mysql Nestjs

#### Authentication

OAuth2 • OpenID Connect • JWT

#### Testing and Quality Assurance

Postman API

#### System Administration

Docker

### SOFT SKILLS

- Strong problem-solving skills
- Quick adaptation to new technologies
- Effective team collaboration

### Hobbies

- Soccer
- Swimming
- Meditation
- Travel

## Full-Stack Developer

### Personal Profile

As a junior full stack developer, I'm equipped with front-end skills in HTML, CSS, and JavaScript and TypeScript, alongside experience with React, Nextjs. On the back end, I'm proficient in Nest.js, Python, Java, C, C++ , capable of working with APIs and working with various databases. I prioritize user-friendly, responsive web interfaces and am committed to problem-solving and effective communication within a team. With a passion for continuous learning and adaptability to new technologies, I'm eager to contribute to web development projects and grow as a well-rounded developer.

### Work Experience

#### L'Atelier Digital – Digital Agency & AI . (Flutter Developer)

- Developed the frontend of a Flutter application for a coaching platform.
- Implemented features including user account creation, conversation history, and call functionality (both voice and video).
- Enabled user profile management, including information updates, language preferences, and account deletion.
- Integrated payment systems for seamless transactions.
- Added support features for user assistance and issue resolution.
- Implemented notifications to keep users informed about important updates.
- Incorporated favorite coach functionality to enhance user experience.

#### Chari | YC S21

As a Mobile Developer at MoojBuzz, I contribute to a social media platform that enables users to create, share, and discover short-form videos. My role involves developing a Flutter application for a coaching platform, where I've implemented key features such as user account management, conversation history, and voice/video calls. I've also integrated payment systems, support features, and notifications, while enhancing user experience with profile updates, language preferences, and account deletion capabilities. My work ensures a seamless, secure, and engaging mobile experience using technologies like React Native, NestJS, Tailwind CSS, and Firebase.

#### Sahih Business

Versatile Web Developer with expertise in building dynamic and interactive web applications. Proficient in front-end and back-end development, with hands-on experience using React.js for creating engaging user interfaces and Python for server-side programming. Skilled in managing data with PostgreSQL and integrating ERP solutions using Odoo. Experienced in utilizing XML for data interchange and enhancing JavaScript with TypeScript for robust, maintainable code. Proven ability to deliver high-quality web solutions and optimize user experiences across diverse projects.

### Education

#### Software Engineer

42 Network-1337  
2021-2023

#### Applied Mathematical Sciences

University Sultane Moulay Soulaïmane
